

GRACE – means getting something good and wonderful that we do NOT deserve, like forgiveness, but someone gives it to us because they love us and choose to give it.

God saves us even though we are sinners and have disobeyed Him, who is the perfect King and Creator of all the universe and every creature in it.

REDEEMING – means to pay for something or someone to get it back after it was stolen or lost from the one who owned it.

Jesus paid with his life to get us back into God's Family.

DAWN – means that first bit of light that shines when a new day is starting to come.

As the Christmas Carol, *Silent Night*, says in one line, the birth of Jesus Christ as a baby was the *Dawn of Redeeming Grace* – the period of time we have right now when we can still receive God's Redeeming Grace.

Can you find those words, **Dawn of Redeeming Grace**, on the Christmas tree? If you can, please colour in the letters. You may also want to add more balls and decorations to the tree.

Remember to accept God's Redeeming Grace NOW! Today! This time of redeeming grace will not continue on earth forever.
